REOPENING PLAN

2020-2021 School Year

Tradition. Pride. Excellence.

Message from the Superintendent

Dear Brooklyn Hurricane Families -

I want to thank the Brooklyn City Schools community for the completion of the reopening survey that was sent out last month. Our Back-to-School Workgroups, which consisted of community members, staff and administration, relied heavily upon that input as a foundation for our Reset/Restart Plan for the 20-21 school year.

On July 2, 2020, Governor Mike DeWine shared with Ohioans and district leaders the state's Reset and Restart Education Planning Guide for Ohio Schools. The guidance document states the following, "As schools start to reopen, the health and safety of students, staff, and volunteers is paramount." In Cuyahoga County we are now at the highest level of community spread since the COVID-19 pandemic began. As this crisis evolves, we must be prepared to respond quickly to meet the needs of our families and students in order to continue to deliver the highest quality education as possible.

Our goal is to have students in school as much as possible. The district has three reopening plans and an optional 100% Online/Remote Learning for families. We have aligned our reopening plans with the Ohio COVID-19 Risk Level Guidelines for the Public. As the risk level for Cuyahoga County changes, we will have to adapt and change our in-school learning plan for the health and well-being of our students and staff. The plan utilized will be based on the current risk level of Cuyahoga County. While the plan is representative of these considerations, it is also a working document intended to be flexible so that modifications can be made as our understanding of education in the new normal evolves.

As a district and community, we need to be flexible and have the ability to move between these different plans at different times and, sometimes, with minimum advance notice. We have to be prepared to serve our students 100% online from day one. While that is not our preferred option, it is necessary that we have the ability to adjust our learning options based on the health status of the county.

As the district's new Superintendent, I want nothing more than for our students to return to our buildings this fall. These are difficult times for all of us and I am thankful for the community's support as we reopen school safely this fall. Again, thank you for your continued patience as we work through these matters with the guidance of our families, staff, the state and local health authorities.

Respectfully,

Dr. Theodore Caleris
Superintendent/Chief Executive Officer
Brooklyn City Schools

<ul style="list-style-type: none"> All students attend each day, unless enrolled in Remote Learning Option. We are able to welcome students back to the PK-12 campus as our buildings will resume a mostly normal school day schedule. This would involve enhanced cleaning protocols, as much physical distancing among students as possible, adjustments to how students enter and exit the buildings, and changes to how we manage transitions and movement throughout the buildings during the day. KATS before/after school care is available with this option for students in K through 5. K-12 masks/face shields required for students. 	<ul style="list-style-type: none"> All students attend on the following days: Monday, Tuesday, Thursday and Friday from 8:00 am to 1:30 pm (dismissal in phases begins at 1:15 pm); Wednesday will be a remote learning day for all students. We are able to welcome students back to the PK-12 campus as our buildings will resume a modified normal school day schedule. Preschool students will attend on the following days: Monday, Tuesday, Thursday and Friday; Wednesday's will be no school for preschool students. This would involve enhanced cleaning protocols, as much physical distancing among students as possible, adjustments to how students enter and exit the buildings, and changes to how we manage transitions and movement throughout the buildings during the day. KATS before/after school care is available with this option for students in K through 5 with the exception of Wednesday's. K-12 masks/face shields required for students. 	<ul style="list-style-type: none"> 100% Remote learning - Students would be engaged Monday through Friday in a structured daily schedule remotely. It remains possible that we will reach health levels in Cuyahoga County that will require students to engage in all-remote learning. Students will be expected to engage in remote learning daily, taught by BCS certified teachers. If this is required, all remote learning would be required; attendance, grades, assessments, and daily work would be tracked. KATS before/after school care is not available with this option for students in K through 5. Co-Curricular Activities/ Athletics will be postponed.

REMOTE LEARNING OPTION

- All Online learning option for parents that choose, for a variety of reasons, not to send students to school. Parents will need to commit to this option for a semester. Students will be taught by BCS certified teachers.

OPTION 2- STUDENTS AT HOME DAILY

INDIVIDUAL ONLINE LEARNING WITH SUPPORT VIA STAFF HURRICANE VIRTUAL LEARNING PROGRAM

Student and Parent/Caregiver Expectations

Parents/Caregivers

- Monitor student progress on coursework.
- Developing a regular routine/schedule is recommended to keep students motivated while working from home.
- Communicate questions and concerns immediately to staff.
- Monitor and support student progress through an online curriculum with parent/caregiver access to the online platform and progress information.

Students

- This option is different from what students experienced during remote learning last spring.
- Students participating in this option will be using an online curriculum and platform designed by an outside company that specializes in virtual learning.
- Students will not come to a school building for instruction and will not be in the same classes or have the same teachers as students participating in Option 1.
- It is recommended students follow a routine/schedule to complete online learning, assignments, and assessments.
- The online curriculum will meet the same standards as our Brooklyn City Schools curriculum, but it will not necessarily match the same pacing or activities that are delivered in school buildings.
- Students will have access to courses in all core areas (English language arts, mathematics, sciences, and social studies)
- Students will also have limited access to special area courses (K-6) and elective courses (7-12). Students in grades 7-12 will not have access to their full schedule as planned this past spring.
- Communicate questions and concerns immediately to teachers.
- Students and teachers will participate in virtual check-in meetings designed to support student course progress and provide opportunities for students to connect with each other.
- Students will earn grades for their work.
- If state or local regulations require a school closure, students participating in this option will continue as scheduled, and will continue to use the online curriculum and platform.
- Students may continue to participate in after-school activities at their school building, including extra-curricular activities.

Staff Expectations

Teachers/Assistants

- Teachers will support students by assisting with use of the online platform, pacing, and providing feedback on assignments and assessments.
- Students and teachers will participate in virtual check-in meetings designed to support student course progress and provide opportunities for students to connect with each other.
- Teachers will be available for office hours. One session will be available in the morning and one in the afternoon daily.
- Teachers will grade work in a timely manner and provide feedback.

Technology Department

- The district will provide a chromebook for each student to use at home; students will not be asked to share devices.
- The district will support families without wi-fi access.
- The district will provide help desk assistance when technology issues occur.

Administration

- Ensure each student has a device at home.
- Monitor and assist teachers in the delivery of content for students.
- Implement appropriate grading procedures and work from home guidelines for teachers.
